***Request for Continued Examination***

The request filed on 02-14-03 for a Continued Examination (RCE) under 37 CFR 1.114 based on parent Application No. 09/195,368 is acceptable and a RCE has been established. An action on the RCE follows.

Claims 1-9, and 27-59 are pending and are currently under consideration.

**Rejections Maintained:**

Claims 1-9, and 27-58 remain rejected under 35 USC 102(e) as being anticipated by the disclosure of Yu *et al.* (US 5,988,171,) for the reasons of record. With regards to applicant's reference to the decisions of *In re Wertheim*, such arguments (Paper No. 25, page 6) are not persuasive because applicants failed to characterize or compare the specific decisions from *In re Wertheim* with the outstanding rejections of the present application. Furthermore, with regards to MPEP 2136.04, sub-heading IV, applicant's arguments are not persuasive because that section of the MPEP is concerned with determining critical reference dates, in particular, when the parent reference is based from a continuation-in-part. Overall, applicant's arguments have remained substantially the same as those presented earlier. Thus, for the reasons or record, applicant's arguments are not persuasive and the rejection is maintained.

Art Unit: 1642

**All other rejections and or objections are withdrawn in view of applicant's amendments and arguments there to.**

*Allowable Subject Matter*

Claim 59 is allowed.

*Conclusion*

This is a continuation of applicant's earlier Application No. 09/195368. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however,

Art Unit: 1642

event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
